

Summer Assignment Directions:

Welcome to Algebra! This DeltaMath review is required and represents the skills we expect our students to know before taking Algebra. Mastery of these skills is necessary for success in this course. Please use these questions as a review to help you identify the areas where you may need some extra practice.

While you may only be required to do 3 or 4 problems in each section, you can always do more!

This assignment will be due the end of the first week of school (Friday, August 4th)

<p>If you already have a delta math account:</p> <ol style="list-style-type: none">1) Go to deltamath.com2) Login using your login information3) Click "tools" in the top right corner4) Click "manage login and classes"5) Under "Add a New Class" type in the class code: 893647 and choose "Summer Assignment"6) Complete the Assignment	<p>If you do not already have a delta math account:</p> <ol style="list-style-type: none">1) Go to deltamath.com2) Click on the yellow box that says "For Students"  <p>3) Click the Yellow button that says "Register"</p> <ol style="list-style-type: none">4) Type in class code: 8936475) Choose "Summer Assignment" under the "Select Class" option6) Register with a username and password that you will remember7) Complete the assignment
